Hello Mark and welcome back!

It is my understanding that the Town of New Windsor Planning office received comments on the draft Scope. Tom Perna and I would like to receive copies of the comments and I'd like to work with you to finalize the Scope for acceptance by the Planning Board, hopefully in the near future. I'd also like to know when you think we can plan to attend a Planning Board meeting to discuss either the comments, or a final Scope.

I look forward to hearing from you. Thank You!
